### **DETAILED ACTION**

Claims 1-4 and 8-18 are under consideration in this application.

#### ***Election/Restrictions***

The restriction requirement is deemed sound and proper and is hereby made FINAL.

Applicants are reminded of propriety of process of use claims in consideration of the “reach-through” format, which is drawn to mechanistic, receptor binding or enzymatic functionality. Reach through claims are considered lacking of descriptive and enabling support from the specification.

Again, claim 4 has been examined to the extent readable on the treatment of glaucoma, exclusively.

The rejections under 35 U.S.C. 112 are hereby withdrawn in view of applicants’ amendments to the claims.

#### ***Allowable Subject Matter***

Claims 1-3 and 8-18 are allowed.

Claim 4 is objected to as containing non-elected subject matter. The objection may be overcome by limiting claim 4 would be allowable if limited to the treatment of glaucoma. A claim so limited would appear allowable.
